WOMEN IN HEALTHCARE PRIVATE EQUITY

women in healthcare private equity

From identifying high-potential opportunities to executing complex, high-stakes transactions, these 26 women are shaping the future of healthcare private equity. With sharp strategic judgment and deep healthcare market insight, they are driving momentum and elevating the standard for leadership across the industry.

This recognition highlights women structuring transformative healthcare deals, guiding negotiations at pivotal inflection points, and advising on transactions that position companies for sustained growth. Their expertise is influencing capital flows, strengthening partnerships, and shaping the trajectory of healthcare investment.
