WOMEN DEALMAKERS IN ENERGY

women dealmakers in energy

A transformative era is unfolding in energy investing, fueled by innovation, resilience, and bold leadership. These twenty-five Leading Energy Dealmakers are making significant contributions across traditional energy, renewables, infrastructure, and other key areas in the industry. As past speakers, alumni, and partners, their expertise and leadership have not only advanced the sector but have also left an indelible mark on the Kayo network of women in finance. Join us in celebrating these trailblazers lighting the way for a secure and dynamic energy future.

A woman in a blue dress stands at the front of a conference room, speaking into a microphone. She is holding a small card. The room is filled with a diverse group of women seated at round tables, listening attentively. The background features a dark, textured wall on the left with an 'EXIT' sign above a doorway, and a light-colored wall with vertical panels on the right. The entire image has a blue color overlay.
